prices are based on our current supply levels of each product. for the best prices, place an order by phone or email; otherwise your order will be delivered at the current market price. our farm is located in new hampshire, but we ship nationwide. farm craft will likely not win any awards for graphics. the game looks, well, basic. there's nothing else special about the graphics, which are fair-to-poor pixelated graphics. while they look good enough when you zoom in, they aren't quite up to par with modern games. the visuals are also very barebones. there are a few preset textures, but little else. farm frenzy 3 - crop crazy is a farming game with a lot of charm and character. that's what makes it such a fun game to play. gameplay is an easy to learn game that is puzzle game with simple controls that are surprisingly smooth. it doesn't stray far from the kitchen floor for a refreshing experience. if the farm theme is something that interests you then be sure to check out sim farm and farm focus. these two games offer plenty of fun and are a good change of pace if you are looking for a new game.
